Standard Master Mutual Non-Disclosure Agreement (M-NDA)

Doc ID: LGL-NDA-2026-V4 | Department: Legal | Clearance: L2_RESTRICTED

Section 1: Definition of Confidential Information

'Confidential Information' refers to proprietary software source code, machine learning model weights, client VPC network topologies, financial forecasts, and trade secret algorithms disclosed by either party. The receiving party shall protect all disclosed confidential data using the same degree of care it uses for its own sensitive assets, but not less than reasonable care.

Section 2: Term, Exclusions, and Governing Law

The confidentiality obligations under this Agreement shall endure for a period of five (5) years following the date of initial disclosure. However, with respect to proprietary trade secrets and core algorithmic architectures, the duty of non-disclosure shall persist in perpetuity until publicly released by the disclosing party without breach. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to its conflict of laws principles.
